

CHIEF BRYANT

AUDITION SIDE

INT. POLICE STATION - NIGHT

Four Girls: Emma, Amy, Miranda, and Imogen, are FREAKING OUT as they corner CHIEF BRYANT (early 60s) in his office. A few officers surround them. The police are trying to comprehend what's just happened.

CHIEF BRYANT

Alright girls, just calm down! One at a time please!

Emma begins to hyperventilate.

EMMA

She killed them!! She killed our families!! Please. Please, you have to stop her!!

CHIEF BRYANT

Honey, slow down. What's going on? Tell us what happened.

MIRANDA

She got into our homes and butchered our parents. She made us watch! She streamed it for us to fucking watch! Please help us. She's still out there!

CHIEF BRYANT

We're gonna do everything we can! Just relax, you're all safe, I sent in several cars to your neighborhood. We'll catch her.

EMMA

I don't think you understand, she's not human. She's a monster. She made us choose who to kill from our families.

Emma looks directly at the Chief. Her eyes seem lost. She's in complete shock.

EMMA (CONT'D)

She made me choose to kill my mother.

CHIEF BRYANT

I...I don't know what to say. We'll take care of this. She's not gonna get away, you understand?

Emma nods.

CHIEF BRYANT (CONT'D)  
She's gonna pay for what she did.
