

EMMA

AUDITION SIDE

INT. HIGH SCHOOL BATHROOM - DAY

EMMA (18) checks her make-up in the bathroom mirror, as her best-friends AMY (17) and IMOGEN (18), watch on beside her. The girls are taking a break before their last class of the day.

AMY

What do you think of the new girl?

EMMA

The horror freak?

AMY

The one who Luke lovingly smiled at during multi-media. You better watch out, you might have some competition.

EMMA

Oh please. I'd be surprised if that girl has even gone through puberty. Have you seen the way she dresses?

IMOGEN

Hey don't be mean, my little brother dresses like that too!

They all share a laugh.

EMMA

And what was up with her movie? It all looked so fake. I love how she's trying to make it seem like she's this amazing filmmaker.

AMY

The kills were so fake.

EMMA

Imagine if we made a better horror movie just to totally fuck with her.

IMOGEN

It'd probably be scarier than anything she could do.

EMMA

She needs to learn her place here. I'm sure we could teach her a few things.
